PROFESSIONAL PROFILE

I am the person executives rely on when things cannot go wrong. For over a decade, I have quietly kept complex operations running, managing schedules that should not clash, records that must be exact, and communications that cannot afford to feel rushed. At Givanas Cosmetics I cut scheduling conflicts by 40% and maintained spotless CRM records across 50+ accounts. At Elkris Bio Health Foods, I designed an audit system from scratch that became company-wide policy and anchored 100+ client accounts for nine years. I am not just a task-doer. I notice the problem before anyone asks, I fix it before it becomes a crisis, and I do it quietly because that is what great support looks like.

PROFESSIONAL EXPERIENCE

Virtual Assistant & Executive Support Specialist

2022 – Present

· Givanas Cosmetics Nigeria Limited

Remote · 2022 – Present

Three Regional Sales Managers, 50+ client accounts, and one person holding it all together.

- ▶ Cut scheduling conflicts by 40% by building standardised booking protocols no more double-bookings, no more leadership time wasted on diary chaos.
- ▶ Achieved 100% CRM data accuracy in SAP across 50+ active accounts; leadership adopted my performance dashboards directly into their sales strategy meetings.
- ▶ Redesigned the account onboarding workflow from scratch removed the bottlenecks, accelerated first-order delivery, and made new clients feel genuinely welcomed from day one.
- ▶ Handled 20+ cross-departmental queries weekly across Marketing, Field Sales, and Finance zero escalations, sustained over two years, because I do not pass problems on, I resolve them.
- ▶ Monitored account health data every week to catch at-risk clients early and coordinate retention support before anyone realised there was a risk.
- ▶ Every executive briefing note, client email, and meeting agenda I produced went out without a single error because when words represent leadership, they have to be right.

Senior Administrative & Retention Coordinator ·

2013 – 2022

Elkris Bio Health Foods Nigeria Limited

On-site · 2013 – 2022

Nine years. 100+ accounts. A system I built that the whole company still uses.

- Designed a pre-entry audit system independently, not because I was asked to, but because I saw the delays and knew I could fix them. It cut order-processing errors by 15% and was adopted company-wide as the new standard.
- Managed over 100 recurring accounts for nine years with near-zero fulfillment errors, the kind of consistency that keeps clients renewing without hesitation.
- Produced year-on-year sales trend reports that helped the team spot underperforming accounts early and recover an estimated 10–12 clients annually before they left.
- Restructured depot scheduling to tighten last-mile dispatch, delivery lead times came down, and client complaints about late arrivals dropped noticeably.
- Maintained 100% record accuracy across all client files throughout tenure, every compliance review, internal audit, passed without a single outstanding discrepancy.

Accounts & Administrative Officer · Primex Hospital

2008 – 2013

On-site · 2008 – 2013

Five years in a healthcare setting where numbers and people both needed care.

- Processed daily financial records and managed accounts payable and receivable for a busy multi-department hospital zero discrepancies across five full years.
- Ran monthly payroll for 30+ staff members with 100% on-time accuracy, while keeping all personnel records confidential and audit-ready.
- Supported the finance team through internal compliance reviews, complete documentation, full record integrity, no outstanding issues.
